South 10 acres B. 2,
Begin at an 2" iron at S. W. Cor. B. 2. thence with transit and tape, N. 88½° and set 2" iron stake tape E. at rt. ls to pet thence with transit and 740' and set 2" iron stk. line 740' to W. line of road last line and three also set 3 iron stakes along ~~At~~ To verify ~~set~~ Measured wood stakes N. from stake on W. line to N. W. Cor. of block 678' thence E 736' thence app. S. to ℄ of W. line or N line of 10 acres, ~~but~~ 682.0 and found We were E of stake 55' making the line the hyp. of rt A. Perpendicular would be 679 nearly or a ⊥ to long but on account of brush it was easy to vary a foot so the remainder of Block is app. same width to the end of N. line of 10 acres, is on road fence line Stake at W. end of N. line W. ⊙, and 24.8' N. ℄ from 12" N. fence post in aline fence S. W. Cor. stk. is 50. N. of at S. line of road.
By original survey this road at south runs N. 84° E. and then turns N. 38° 40' E. neither of which I am able to verify. 2nd course I find by the stakes to be N. 36° E. but without sun or Polaris test could not vouch for course.
