10/12/23

Survey of Lot 9,
Measured East from iron
and set iron stake,
and set iron stake,
line 121½' from walk
wood stake previously
172' from S. line
at center of lot
iron stake on W. line
over the three points,
set iron stake. N.E. Cor.
line 172 ft. East line

10/12/23

Survey of Lot 11,

~~Dep. Ackley,
Measured 60' East from
Lot 9, and lined in
Measured 60' East from
and set iron stakes
New curb built by
Far West
West~~

Gregory Wolff,

Crawford
Block 23, ~~Columbian~~,
stake S.W. Cor. lot 7. 120'
Measured 60' farther east
East on #5 alley
on Saye Ave. found old
set by J. F. S. set iron stake
Measured east 60' also
Measured 60' east from
Lot 8, and lined in
line straight, points exact,
checked by measurement
cuts west house walk. Nelson
Martin opp. hatchway,

Block 23, Crawford,

~~N.E. & S.E. cor. stakes
and set iron stakes
above stakes, lined in
for N.E. and S.E. corners
Ackley's app. 4' to~~

over these to S. E. Cor. Block 24
across Water 66' wide. Measured
Thence East across Water St.
66' to S. W. Cor. Block 24.
lined in and measured N.
from iron stk. at N. W. Cor.
Lot 1. Block 24. Crawford
12 ft. across Water St. found an
iron stk. set near fence post apparently
for S. W. Cor. Lot 7, Block 28. This is
evidently in error about 14 inches too
far north and the same E. of True Cor.
True Cor. is marked by notch in wall
previously made by Skel's survey.
Measured E. on Stone Block 28, 120
ft. to a notch in wall S. W. Cor.
Lot 2, B. 28. N. line of N. Wall on
Water St. in Block 28 is 3 inches
too far north. Concrete Mon. set
close to wall at this Ctr. of Mon.
is app. 6" N. of True Cor.

42 6/11/1935 ^{Guided}
Miss Wolfe's survey continued.

Measured east from above Cor.
on N line water st. 60' which agrees
with notches in walk at each Cor.
Set Concrete Mon as at S.W.
Cor. Measured North from this
Cor. 172', and East from N.W.
Cor. lot 7. 120', (line) in
from S.E. Cor. lot 9, and set
iron stk. N.E. Cor. lot 9.
E line lot 9 does not touch
cellar way of house on lot 10,
and only barely cuts a narrow
strip at S. end of walk in front
cellar door. lined in and
measured 70' from S.W. lot 9
and set iron stk. opposite an
iron stk. at N.E. Cor. of S. 70' of
lot 8. B. 23, measured west on
line of lot 9, 60' and set iron
stk. & lot 9.

Wrightman's building is app. 15 ft
too far East.

Mrs. Jean Hudson called Miss
Parker and was very patient
to her. Miss Wolfe that that was
a previous survey. The East
line cut the cellar way, but it

line was only 15 ft from lot 9. I did not see it.
