Mr. Chas Hiness,
City,

Dear Sir; I am sending you herewith plat of Lot 8 Block 13 that we
surveyed for you Mar. 10.

You will note that the Lots on the N. half of the Block are divided
different. They are 125 ft. e. east & west and 86 feet N. & S. and you
have the east one half of 1 & 4 which would be 62¹/₂ feet East & West and
and 172 ft. north & south.

This makes the line in the north lot jog to the east of the west line of
Lot 8. Will survey the north lot if you want when the weather is
better.

Yours truly,

J. C. Skeels.
