Note:
The plat of The Maywoods was surveyed in 1925 and marked with wood stakes. These stakes were no longer able to be recovered. The plat of The Maywoods was resurveyed from the best available evidence including existing surveys of record of Lots within the plats of LaSelva and Solid Comfort Subdivisions and the survey of the Forest Preserve by Thomas P.A. Jensen dated June 8, 1994.

Based upon this resurvey there is a shortage of 47.15' along the southerly line of Lots 1 through 7 and a shortage of 75.89' along the northerly line of Lots 1 through 15. These shortages were proportioned between the lots mentioned.

Survey Date: May 26, 2005.
