

A hand-drawn survey map showing the boundary of Highland Park. The map is oriented with Green Lake to the left. The boundary of Highland Park is defined by several segments with bearings and distances:

- Top Boundary:** A line segment with a bearing of $85^{\circ}-27'$ and a distance of $96.61'$. A point on this segment is marked with a distance of $85.00'$ from the top-right corner.
- Right Boundary:** A vertical line segment with a distance of $72.70'$ from the top-right corner.
- Bottom Boundary:** A line segment with a bearing of $85^{\circ}-27'$ and a distance of $108.96'$ from the bottom-right corner. A point on this segment is marked with a distance of $86.30'$ from the bottom-right corner.
- Left Boundary:** A line segment with a distance of $13'$ from the bottom-left corner. A point on this segment is marked with a distance of $9.66'$ from the bottom-left corner.
- Internal Dashed Line:** A dashed line segment connects the point $9.66'$ on the left boundary to the point $2.61'$ on the top boundary. The distance between these two points is labeled as $73.88'$.
- Green Lake:** Labeled on the left side of the map.
- Highland Park:** Labeled in the center of the map.
- Part of Outlot of Highland Park:** Labeled along the bottom boundary.
