Survey of North $\frac{1}{2}$ of lots
113 & 114, Columbian Subdivided
in Lake Geneva, Wis.
From the City records we learn
that in 1925 the City, for an
extension of Franklin Ave.
bought of John Peterzak Lot
115 of the Columbian Subdiv.
Said lot is 50' wide E & W, and
150' long N & S.

This backs 10' on west side of
extending Franklin Ave. full
width. It was understood at
the time that they bought 60'
wide or 10' off E side of lot 114
but appears from record that
they did not.

Peterzak placed his sidewalk West
of a row of apple trees which
led to confusion when the City
was asked to cut down the
West terrace.

Mrs Simon Vorpagel's brother-in-
law bought in 1935 the N. $\frac{1}{2}$ of
lots 113 & 114 Columbian Sub
and we were called to survey
