

Gothe Street and Alley Com.

The west line of Lot 7, Block 31, fronting on Cook and Lake Streets, is 9.3 feet shorter than originally platted and the west terrace is $5\frac{1}{2}$ ft. narrower than the ordinance specifies.

On all streets 80 feet wide or over, except where a wider roadway is specified the roadbed shall extend each way from the center 15 feet which leaves on an 80 ft street 25 feet for parking on each side.

On the original plat of the village Lake Street is shown ~~100~~ 100 feet wide at this point and Cook 80 feet.

There is also an established grade for the street elevations is as follows;

At the intersection of Broad St. 64.50, 215 feet West of the Center of Broad Street 65.00, at the intersection of Cook Street 69.00 ft. and the roadbed 30 feet wide.

Respectfully submitted,
by J.G. Skeels.
