I, Harold H. Kolb, Registered Land Surveyor No. S-187, hereby certify:

That I have done a Survey of Lots 35 through 38 and Lots 83 through 86 of the Gummow Addition, as Recorded in Volume 8, Page 41 of Plats.

That a discrepancy of 25 feet was found between the distances as shown on said Recorded Plat, and the actual distances as measured on the ground.

That the ground measurements were 25 feet less than the distances shown on the Recorded Plat.

That the discrepancy would result in the loss of 2 lots, or the reduction in the width of the Recorded Cross Street by 25 feet.

That I believe the intent of the original subdivision was to create 106 lots; and, therefore, have indicated that the error is most likely in Cross Street, making said Cross Street 25 feet in width, rather than the 50 feet in width as shown on the Recorded Plat.

That the above is true and correct to the best of my knowledge and belief.
